THE GMS ADVANTAGE

At Other Schools	At Gowtham Model School
Students memorize definitions	Students understand concepts
Students reproduce facts	Students write and explain in their own words
Learning limited to teachers' knowledge	Students do independent work to get information
Learning based on reading and teacher explanation	Practical experiments followed by questioning
Students get marks but with poor concepts	Students get marks with all concepts clear
Students forced to speak English	Students speak English easily & fluently
High performers keep getting better, rest fall behind	Academics performance of every child will continuously improve
Not ready for competitive examinations	Faces competitive exams like IIT, NTSE without fear
